**2<sup>nd</sup> SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Sir:

The references listed on the attached form SB/08A are being called to the attention of the Examiner. Each of the references was cited in supplementary European search report established by the European Patent Office in European Patent Application No. 01992883.7, which corresponds to the U.S. Patent Application No. 10/013847 (now U.S. Patent No. 6,695,009), on which the above-identified application relies for priority under 35 USC 120. Pursuant to 37 CFR §198(b), copies of the cited U.S. patents are not enclosed. Copies of the supplementary European search report, as well as the cited non-U.S. patent application and non-patent literature are enclosed.

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is made that a search has been conducted or that this statement encompasses all possible relevant information.

Applicant believes that no fee is required in the submission of the enclosed Information Disclosure Statement since it is being filed within three months of the receipt of the supplementary European search report or prior to receipt of the first official action. However, should the Commissioner determine that a fee is required, authorization is hereby given to charge the total of any such fee or credit any overpayment to Deposit Account No. 03-0177 referencing Docket No. 100/12330.

Respectfully submitted,

/Donald R. McKenna/
